Subject: Class VI UIC Submission_updated Narrative w CBI
Attachments: Narrative_w CBI_r1.1_pw.pdf

Dear Calvin,

Thank you for the prompt response.

Per your guidance, I am attaching here a password-protected version of our updated Application Narrative that contains confidential business information (CBI). This complements our submission to the EPA's online GSDT, Information Request module, from Friday (18-Jun-2021) and represents the last of the updated permit application documents we are submitting at this time. I will follow up separately to discuss any remaining open items. To maintain security, I will call you with the password to open the file.

As indicated, I will work with Shari to securely transfer to the file directly to Cadmus.

Thank you again and best regards,
-Rebecca

Subject: RE: Class VI UIC Submission: Information Request

Hi Rebecca,

I am glad that the GSDT system is working again and would like to thank Shari and Taner for their assistance in figuring out the system's technical error.

You may transmit a version of the document with CBI in a password protected pdf file to EPA via email. Please also work with Shari to provide Cadmus with a copy of the same document.

Best regards,
Calvin

Subject: RE: Class VI UIC Submission: Information Request

Hi Calvin,

It was a busy day, but we were able to submit our revised application documents to the GSDT – using the Information Request module, Request #6. Confirmation email below, with attachment. Thank you to the Cadmus team who was able to sort out the system's technical error in rapid order so we could submit today!

Note, no confidential business information (CBI) was submitted through the GSDT. As we have done in the past, I would like to transmit a version of the document with CBI (updated Application Narrative) directly to EPA via secure means. Please advise if methods used in the past, i.e. password protected pdf-file sent over email, will suffice.

Thanks again and have a good weekend.

Best Regards,
-Rebecca
